*The maturity period will be calculated from the date of allotment of units. However if the maturity date falls on a non working day, the succeeding working day shall be considered for the purpose of maturity date in the scheme.

INVESTMENT OBJECTIVE

The primary investment objective of the scheme is to seek to generate returns and growth of capital by investing in a diversified portfolio of the following securities maturing on or before the date of maturity of the scheme with the objective of limiting interest rate volatility -

- Central and State Government securities and
- Other fixed income/ debt securities

However, there can be no assurance or guarantee that the investment objective of the scheme will be achieved.

ASSET ALLOCATION PATTERN OF THE SCHEME

Instruments	Indicative Allocation (% of total assets)		Risk Profile
	Max	Min	
Money Market instruments	20%	0%	Low
Government securities & Debt Instruments	100%	80%	Medium to Low

The Scheme will invest in Securitised Debt which may be upto 25% of the net assets of the scheme. The Scheme will not invest in Foreign Securities, Securities Lending or engage in Short Selling. Further the scheme may invests in "Repos". In terms of SEBI /IMD/ Circular No. 2/147132/08 dated December 11, 2008, the scheme shall invest only in such securities which mature on or before the date of the maturity of the scheme. The investment manager would have the flexibility to invest the debt component into floating rate debt securities in order to reduce the impact of rising interest rates in the economy. Derivatives may be used to create synthetic fixed rate bond/ floating rate bonds. Gross investments in securities under the Scheme which includes Debt securities, Money Market Instruments and derivatives will not exceed 100% of the net assets of the Scheme. Subject to the limits as contained in Schedule VII to the SEBI (Mutual Funds) Regulations, 1996, the scheme reserves the right to invest its entire allocation in debt and money market securities in any one of the fixed income security classes. The sum total of derivative contracts outstanding shall not exceed 50% of the net asset of the scheme.

The AMC reserves the right to change the above Pattern in the interest of the investors depending on the market conditions for a short term period of defensive consideration. In case any deviation from the asset allocation, The Fund Manager shall review and rebalance the portfolio within 30 days from the date of said deviation. However, if the same has not been rebalanced the details of same shall be placed before the Investment Review Committee and reasons for the same shall be recorded in writing. The Investment Review Committee shall then decide on the course of action. However, at all times the portfolio will adhere to the overall investment objectives of the Scheme.

RNLAM will ensure that total exposure of the scheme in a particular sector (excluding investments in Bank CDs, short term deposits of scheduled commercial banks, CBLO, G-Secs, T-Bills and AAA rated securities issued by Public Financial Institutions and Public Sector Banks and such other instruments if any, as may be specified by SEBI from time to time) shall not exceed 25% or such other percentage of the net assets of the scheme, as prescribed by SEBI from time to time.

An additional exposure to financial services sector (over and above the limit of 25%) not exceeding 5% of the net assets of the scheme shall be allowed by way of increase in exposure to Housing Finance Companies (HFCs) rated AA and above and registered with National Housing Bank (NHB). However, such total investment/ exposure in HFCs shall not exceed 25% of the net assets of the scheme or such other percentage of the net assets of the scheme, as prescribed by SEBI from time to time.

Further, to clarify please note that all the above mentioned provisions and investments made in line with the above mentioned circumstances/variations are independent of this scenario

The scheme will not engage in Credit default swaps. The asset allocation tables given above should be read in conjunction with the detailed intended portfolio allocation tables and related conditions given for the scheme.

WHERE WILL THE SCHEME INVEST?

1. Under the Scheme, the investment managers would have the flexibility to invest the debt component into floating rate debt securities in order to reduce the impact of rising interest rates in the economy.
2. Derivatives may be used to create synthetic fixed rate bond/ floating rate bonds. Gross investments in securities under the Scheme which includes Debt securities, Money Market Instruments and derivatives will not exceed 100% of the net assets of the Scheme.
3. Subject to the limits as contained in Schedule VII to the SEBI (Mutual Funds) Regulations, 1996, the scheme reserves the right to invest its entire allocation in debt and money market securities in any one of the fixed income security classes.
4. Investments in rated fixed income securities will be in securities rated by at least one recognized rating agency. Investments in unrated securities will be made with the approval of the Investment Committee of RNLAM, within the parameters laid down by the Board of Directors of the AMC & the Trustees.
5. Money Market instruments includes commercial papers, commercial bills, treasury bills, Corporate Debt, Government Securities having residual maturity up to one year, call or notice money certificate of deposit, and any other like instruments as specified by the Reserve Bank of India from time to time.
6. Short-term debt considerations for this scheme include maintaining an adequate float to meet expenses, and other liquidity needs.

7. Short Term Deposit may also be made in the scheme as per the regulations laid down by SEBI.

8. The Fund may also enter into "Repo", hedging or such other transactions as may be allowed to Mutual Funds from time to time.

In line with SEBI circular dated November 11, 2011 investments in corporate bond repo shall be made basis the policy approved by the Board of RNLAM and RCTC. The significant features are as follows:

- i. As specified in the SEBI Circular dated November 15, 2012, the base of eligible securities for mutual funds to participate in repo in corporate debt securities, is from AAA rated to AA and above rated corporate debt securities.
- ii. Category of counterparty & Credit rating of counterparty RMF schemes shall enter in lending via Repo only with Investment Grade counterparties (as required by SEBI Regulations) which are part of the approved debt universe (i.e. on which we have limits).
- iii. Restriction pertaining to tenure of Collateral For FMPs, the tenure of the collateral should expire before the maturity of the scheme. For other schemes, the collateral should comply with the maturity restrictions placed, if any, for those schemes in the Debt Investment Policy.
- iv. The Gross exposure of the scheme to repo transactions in corporate debt securities shall not be more than 10% of the net asset scheme. All investment restrictions stated above shall be applicable at the time of making investment
- v. Applicable haircut RBI in its circular dated November 09, 2010 had indicated the haircut to be applied for such transactions as follows:

S.No	Rating	Minimum Haircut
1	AAA	10%
2	AA+	12%
3	AA	15%

The above haircuts are minimum stipulated haircuts where the repo period is overnight or where the remargining frequency (in case of longer tenure repos) is daily. The RBI had earlier recommended a haircut of 25%. It is proposed that we maintain a minimum haircut of 15% for all repo contract of less than 3 months, and 25% for other contracts, unless a lower haircut is approved by the Investment Committee. The Fund Manager may refer to the rating-haircut matrix published by FIMMDA, to determine the appropriate haircut.

The scheme does not intend to make any investments in Foreign/ Overseas Securities.

9. The scheme intends to invest its assets in securities of Government of India and / or State Government to the extent of SEBI prescribed limits. Such securities may be:
 - i. Supported by the ability to borrow from the Treasury or
 - ii. Supported by Sovereign guarantee or the State Government or
 - iii. Supported by Government of India / State Government in some other way.The above will depend upon the nature of securities invested.
10. The schemes may also enter into repurchase and reverse repurchase obligations in all securities held by them as per the guidelines and regulations applicable to such transactions. It is the intention of the scheme to trade in the derivatives market as per the Regulations.
11. The above-mentioned securities could be listed, unlisted, secured, unsecured, rated or unrated and may be acquired through initial public offerings, secondary market offerings, private placements, rights offers etc.
12. To avoid duplication of portfolios and to reduce expenses, the Scheme may invest in any other schemes of the Fund. Further, in compliance with SEBI Regulation, a Scheme may invest in another scheme under the same asset management company or any other mutual fund without charging any fees, provided that aggregate inter-scheme investment made by all schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the mutual fund.
13. While it is the intention of the Scheme to maintain the maximum exposure guidelines provided in the table above, there may be instances when these percentages may be exceeded. Typically, this may occur while the Scheme is new and the corpus is small thereby causing diversification issues.
14. Investments may be in listed or unlisted debt instruments, as permitted under SEBI Regulations. These would cover primary / secondary market purchases, Public Offers, private placements, rights offers, etc., subject to SEBI Regulations.
15. Securitised debt, pass through obligations, various types of securitisation issuances including but not limited to Asset Backed Securitisation, Mortgage Backed Securitisation, single loan securitisation and other domestic securitisation

instruments, as may be permitted by SEBI / RBI from time to time.

16. Investments in debentures, bonds and other fixed income securities will usually be in instruments, which have been assigned investment grade ratings by an approved rating agency. The instruments may be rated / unrated and listed / unlisted. In cases where the debt instrument is unrated, specific approval from the Investment Committee of RNLAM shall be obtained. However, the same shall be subject to limitations as contained in clause 1 and 1A, reproduced herein below, of Schedule VII to SEBI (Mutual Funds) Regulations, 1996,
17. A mutual fund scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorized to carry out such activity under the Act. Such investment limit may be extended to 12% of the NAV of the scheme with the prior approval of the Board of Trustees and the Board of directors of the asset management company: Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and collateralized borrowing and lending obligations: Provided further that investment within such limit can be made in mortgaged backed securitised debt which are rated not below investment grade by a credit rating agency registered with the Board:
Provided further that the schemes already in existence shall within an appropriate time and in the manner, as may be specified by the Board, conform to such limits.
1. Mutual Funds/AMCs shall ensure that total exposure of debt schemes of mutual funds in a group (excluding investments in securities issued by Public Sector Units, Public Financial Institutions and Public Sector Banks) shall not exceed 20% of the net assets of the scheme. Such investment limit may be extended to 25% of the net assets of the scheme with the prior approval of the Board of Trustees.
18. A mutual fund scheme shall not invest more than 10% of its NAV in unrated debt instruments issued by a single issuer and the total investment in such instruments shall not exceed 25% of the NAV of the scheme. All such investments shall be made with the prior approval of the Board of Trustees and the Board of asset management company.
19. The final portfolio will depend on the availability and desirability of assets in terms of maturity profile, asset quality and yields. The portfolio formulation is a dynamic process and thus, an instrument which is attractive today may not be attractive tomorrow.
20. The scheme may invest in the liquid schemes launched by SEBI registered Mutual Fund or schemes that invest predominantly in money market instruments / securities.

(i) CREDIT EVALUATION POLICY FOR INVESTMENTS IN DEBT SECURITIES

Credit evaluation is a continuous process. It applies not only for issuers where investments are being evaluated for the first time but also for those where we already have credit exposures.

In a detailed credit evaluation process, the following aspects are covered.

1. An in-depth review of the sector in which company operates. In this process, research team also measures the micro and macro risks associated with the sector and its possible impact on the overall business environment of the issuer. In addition, issuer's market position is evaluated vis-à-vis competition.
2. Issuer analysis involves both qualitative and quantitative aspects.
 - a. Qualitative analysis is related to quality of management, corporate governance, promoter background, parents support etc. Any synergy / cross dependence with any of the other promoter companies is also scrutinized.
 - b. Quantitative analysis is related with balance sheet management, profitability indicators, ratio analysis, capex programmes, growth plans, leverage and cash management policy etc.
3. The due diligence process involves both primary and secondary sources for research.
 - a. Secondary sources of information like publicly available data including annual reports and other public filings, rating and other research reports, industry research reports are studied in detail.
 - b. Primary research activities like direct interaction with the issuer at various levels, interaction with the rating agencies, the company's bankers, competitors in the industry and stock market participants (market intelligence), is given a very high weightage.
4. Both for plain vanilla transactions and especially for structured transactions, legal due diligence is an integral part of the overall risk evaluation policy. Depending on the scope and complexity of transactions both internal as well as external legal exercises are undertaken.

Based on the above analysis, the credit research team presents a case for investing

/ avoiding investments for any new issuer / structure. Post these discussions formal proposals are prepared for issuers / structures where limits are being sought.

The approval for such limits is sought, based on certain criterion that is laid out as part of the investment policy. Depending on the rating, tenure, and proposed exposures, approvals are taken at the Head of Fixed Income / Investment Committee / Board levels.

As mentioned earlier, credit evaluation is a continuous exercise. For all issuers / structures where we have current exposures regular evaluation is carried out on a periodic basis. The periodicity of such evaluation depends on the exposure, credit comfort on the said issuer / structure and the overall credit environment.

Apart from regular credit updates both internally and at the Investment Committee levels, the board is also appraised on a periodic basis, on all the credit exposures, their performance and the credit department's views on them going forward.

(II) LIST OF SECTORS WHERE RNLAM/ RMF WOULD NOT BE INVESTING

The scheme will not invest in Gems & Jewellery sector and airline sector.

(III) TYPE OF INSTRUMENTS IN WHICH THE SCHEMES PROPOSE TO INVEST

For the type of instruments in which the schemes propose to invest viz. CPs, CDs, Treasury bills etc. is detailed in "where will the scheme invest" - Point 1 to 20

(IV) INTENDED PORTFOLIO ALLOCATION

As per SEBI Circular No IMD/ DF/12 /2011 dated August 1, 2011 on Indicative portfolio or yield in close ended debt oriented mutual fund, the intended allocation for Reliance Fixed Horizon Fund - XXXI - Series 1 is as mentioned below. Disclose the floors and ceilings within a range of 5% of the intended allocation (in %) against each sub asset class/credit rating as mentioned below:

Instruments \ Credit Rating	A1+	AAA	AA	A	BBB	NA
CDs						
CPs						
NCDs / Bonds		15%-20%	25%-30%			
Government securities/ State Development Loans (SDLs)						45-50%
Securitized Debt						
*CBLO/Repo/Reverse Repos (including repo in corporate bonds)/T-Bills / Liquid schemes						0-5%

NA - Not Applicable.

*Some of the instruments may also be rated.

It may be noted that detailing of credit rating/instruments shall be made similar to the current format as indicated above

There shall be no variations between intended portfolio allocation as may be issued at the time of launch and final portfolio except on account of

1. The scheme shall endeavour to invest in instruments having credit rating as indicated above or higher.

As per SEBI circular CIR/MIRSD/4/2011 dated June 15, 2011, Modifier "+"(plus) or "-"(minus) can be used with the rating symbols as they reflect the comparative standing within the category. For eg: in case AA has been mentioned, it will include AA- as well as AA+. In case an instrument has more than one publicly available rating, the more conservative rating will be considered for the purpose of investment.

For external factors such as revision in credit rating of instruments, valuation of security, etc. It may be noted that

- All the investment rating etc will be considered at the time of making the investments only i.e at the time of deployment (for the purpose of comparison).
 - Post deployment in case of subsequent rating action in any securities which leads to negative deviation from the intended asset allocation, the fund manager shall rebalance the portfolio within time period of 30 days to align it with the intended portfolio allocation provided such rebalancing does not adversely impact the interest of the investors
2. In case desired maturity and credit quality CP/NCDs are not available or also on the basis of the risk reward analysis, the scheme may invest in Bank CDs of highest rating (A1+ or equivalents)/CBLOs/Reverse Repos (excluding repo in corporate bonds) /T-Bills. Such deviation may continue till suitable instruments of desired credit quality are not available.
 3. Further, the above allocation may vary during the tenure of the scheme. Some of these instances are: (i) Coupon inflow / principal inflow / unexpected cash flow during the tenure of the scheme; (ii) the instrument is called or bought

back by the issuer (iii) in anticipation of any adverse credit event (iv) Non availability of any instrument and on risk reward analysis. In case of such deviations, the scheme may invest in Bank CDs (A1+ or equivalents) / CBLOs/ Reverse Repos (excluding repo in corporate bonds)/ G-sec / T-Bills / Liquid schemes. Such deviation may continue till maturity, if suitable instruments of desired credit quality are not available. In case where cash is generated in the above instances and is deployed in short term deposits, such deployment will only be for temporary parking in line with SEBI regulations.

4. In case of individual securities maturity prior to the maturity date of the scheme and at the time of construction of the portfolio, investments may be made in cash and cash equivalents such as CBLO, Repo (excluding repo in corporate bonds), T-Bills, Liquid Schemes, CDs and short term bank Deposits
5. In case where investments in any Unrated Instruments is indicated and if they are not available, the scheme may invest in Bank CDs (A1+ or equivalents) / CBLOs/ Reverse Repos (excluding repo in corporate bonds)/ G-sec / T-Bills / Liquid schemes / AAA rated instruments. The scheme shall not invest more than 10% of its NAV in unrated debt instruments issued by a single issuer and the total investment in unrated instruments shall not exceed 25% of the NAV of the scheme.
6. RNLAM will ensure that total exposure of the scheme in a particular sector (excluding investments in Bank CDs, short term deposits of scheduled commercial banks, CBLO, G-Secs, T-Bills and AAA rated securities issued by Public Financial Institutions and Public Sector Banks and such other instruments if any, as may be specified by SEBI from time to time) shall not exceed 25% or such other percentage of the net assets of the scheme, as prescribed by SEBI from time to time.

An additional exposure to financial services sector (over and above the limit of 25%) not exceeding 5% of the net assets of the scheme shall be allowed by way of increase in exposure to Housing Finance Companies (HFCs) rated AA and above and registered with National Housing Bank (NHB). However, such total investment/ exposure in HFCs shall not exceed 25% of the net assets of the scheme or such other percentage of the net assets of the scheme, as prescribed by SEBI from time to time.

Further, to clarify please note that all the above mentioned provisions and investments made in line with the above mentioned circumstances/ variations are independent of this scenario (25% sector limit and exceptions on the same as detailed in point No. 6).

7. The range as indicated in the intended portfolio allocation depending on the risk return profile of the portfolio and subject to the availability of the securities, the fund manager may increase the allocation for AAA rated securities, while ensuring range of other securities is proportionately adjusted.

It may be noted that the intended portfolio allocation will be determined at the time of launch of the scheme whereas the final portfolio for the purpose of determining deviations, if any, will be considered after 30 days from the allotment. Basis the same, RNLAM will report in the next meeting of Board of Directors of Reliance Nippon Life Asset Management Limited (RNLAM) (formerly Reliance Capital Asset Management Limited) and Reliance Capital Trustee Co Limited the publicized percentage allocation and final portfolio.

For unlisted / non traded securities, where sector classification does not exist, RNLAM will have the discretion to decide the classification as per their best judgment.

Pursuant to the SEBI Circular No. SEBI/IMD/CIR No. 1/ 91171 /07 dated April 16, 2007, where the cash in the scheme is parked in short term deposits of Scheduled Commercial Banks pending deployment, the scheme shall abide by the following guidelines:

- "Short Term" for parking of funds shall be treated as a period not exceeding 91 days.
- Such short-term deposits shall be held in the name of the Scheme.
- The scheme shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with prior approval of the Trustee.
- Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
- The scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
- The scheme shall not park funds in short term deposit of a bank, which has invested in the Scheme.
- RNLAM will not charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks. The aforesaid limits shall not be applicable to term deposits placed as margins for trading in cash and derivatives market.

WHAT ARE THE INVESTMENT STRATEGIES?

The fund management team will endeavor to maintain a consistent performance in the scheme by maintaining a balance between safety, liquidity and profitability aspects of various investments. The fund manager will try to achieve an optimal risk return balance for management of the fixed income portfolios.

The investments in debt instruments carry various risks like interest rate risk, liquidity risk, default risk, purchasing power risk etc. While they cannot be done away with, they can be minimized by diversification and effective use of hedging techniques.

The fund management team will take an active view of the interest rate movement by keeping a close watch on various parameters of the Indian economy, as well as developments in global markets.

Investment views / decisions will be taken on the basis of the following parameters:

1. Prevailing interest rate scenario
2. Quality of the security / instrument (including the financial health of the issuer)
3. Maturity profile of the instrument
4. Liquidity of the security
5. Growth prospects of the company / industry
6. Any other factors in the opinion of the fund management team

Risk Mitigation Factor /Control:

The Fund Management proposes to use analytic risk management tools like VAR / convexity/ modified duration for effective portfolio management.

RISK PROFILE OF THE SCHEME:

Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. Scheme specific Risk Factors are summarized below:

i) Schemes investing in Bonds:

Investors of the Scheme should be aware of the risks generally associated with investments in the fixed income and money market instruments. Given below are some of the common risks associated with investments in fixed income and money market securities.

- a. **Interest Rate Risk:** As with all debt securities, changes in interest rates will affect the Scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of longer-term securities generally fluctuate more in response to interest rate changes than do shorter-term securities. Interest rate movements in the Indian debt markets can be volatile leading to the possibility of large price movements up or down in debt and money market securities and thereby to possibly large movements in the NAV.
- b. **Liquidity or Marketability Risk:** This refers to the ease at which a security can be sold at or near its true value. The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is characteristic of the Indian fixed income market.
- c. **Credit Risk:** Credit risk or default risk refers to the risk which may arise due to default on the part of the issuer of the fixed income security (i.e. will be unable to make timely principal and interest payments on the security). Because of this risk debentures are sold at a yield spread above those offered on Treasury securities, which are sovereign obligations and generally considered to be free of credit risk. Normally, the value of a fixed income security will fluctuate depending upon the actual changes in the perceived level of credit risk as well as the actual event of default.
- d. **Reinvestment Risk:** This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme or from maturities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk refers to the fall in the rate for reinvestment of interim cash flows.

(ii) Risks associated with Investing in Derivatives

- As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives that investors should understand. Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is a possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counterparty") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor.
- The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

(iii) Risk Associated with Securitised Debt

As with any other debt instrument, the following risk factors have to be taken into consideration while investing in PTCs:

- a. Credit Risk

Since most of the PTCs are drawn from a cherry picked pool of underlying assets, the risk of delay / default due to poor credit quality is low. Further more most of the PTCs enjoy additional cashflow coverage in terms of subordination by another lower class of PTCs or in terms of excess cash collateralization.

b. Liquidity Risk

Historically the secondary market volume of securitised papers has been limited. This could limit the ability of the fund to resell them. Secondary market trades could be at a discount or premium depending upon the prevailing interest rates.

c. Price Risk / Interest Rate Risk

The price risk of these instruments shall be in line with the maturity / duration of such instruments. However given the fact that these instruments will have a maturity profile upto 2 years, the duration risk is relatively less.

Domestic Securitised debt can have different underlying assets and these assets have different risk characteristics. These may be as given in the following example:

Security 1 - Backed by receivables of personal loans originated by XYZ Bank Specific Risk Factors: Loss due to default and/or payment delay on Receivables, Premature Termination of Facility Agreements, Limited loss cover, Delinquency and Credit Risk, Limited Liquidity and Price Risk, Originator/ Collection Agent Risk, Bankruptcy of the Originator, Co-mingling of funds.

Security 2 - Senior Series Pass Through Certificates backed by commercial vehicles and two-wheeler loan and loan receivables from ABC Bank Limited

(iv) Risks associated with Listing of Units

Listing of the units of the fund does not necessarily guarantee their liquidity and there can be no assurance that an active secondary market for the units will develop or be maintained. Consequently, the Fund may quote below its face value / NAV.

There have been times in the past, when settlements have been unable to keep pace with the volume of securities transactions, making it difficult to conduct further transactions. Delays or other problems in settlement of transactions could result in temporary periods when the assets of the Scheme are not invested and no return is earned thereon.

(v) Risk factors associated with repo transactions in corporate bonds -

- The market for the aforesaid product is over the counter (OTC) and illiquid. Hence, repo obligations cannot be easily sold to other parties. If a counterparty fails, the scheme would have to take recourse to the collateral provided. If a counterparty fails to repay and the value of the collateral falls beyond the haircut, then the Scheme would be exposed to a loss of interest or principal
- Further, the exposure to debt securities provided as collateral, and the issuer of the debt securities makes a default, the scheme may lose the whole, or substantial portion of the amount. This risk is somewhat mitigated by the fact that only bonds which have credit rating of AA and above can be accepted as collateral for repo transactions.

(vi) Risk associated with a close ended scheme

The tenor of the scheme shall be 1116 Days from the date of allotment. The investor invests in such schemes with an expectation of generating wealth over the tenor of the scheme. The fund manager also invests funds as per the stated strategy keeping the above tenor in mind. While this allows the fund manager to take relatively long term investment calls without worrying about redemptions mid-way, in such schemes, the unit holder cannot exit the scheme before the maturity of the scheme, irrespective of changes in market conditions and alternative investment opportunities. Secondly, the stated strategy of the scheme may not be realized, within the tenor of the scheme. Other risk factors pertaining to the close ended schemes have been added under relevant sections.

The liquidity and valuation of the Scheme's investments due to its holdings of unlisted securities may be affected if they have to be sold prior to their target date of divestment

Plans and Options

The Scheme offers following Plans/Options under the Direct Plan and Regular Plan:

- Growth Option
- Dividend Payout Option

Direct Plan is only for investors who purchase /subscribe Units in a Scheme directly with the Fund (i.e. investments not routed through an AMFI Registration Number (ARN) Holder).

There is no assurance or guarantee as to the rate and frequency of dividend distribution. Dividend distribution is subject to availability of distributable surplus in the scheme. Trustees reserve the right to declare a Dividend during the interim period.

Investors are required to clearly indicate the plans/options in the application form of the respective Plan. In the absence of clear indication as to the choice of Option (Growth or Dividend Payout), by default, the units will be allotted under the Growth Option of the Plan.

Investor may note that following shall be applicable for default plan

Scenario	Broker Code mentioned by the investor	Plan mentioned by the investor	Default Plan to be captured
1	Not mentioned	Not mentioned	Direct Plan
2	Not mentioned	Direct Plan	Direct Plan
3	Not mentioned	Regular Plan	Direct Plan
4	Mentioned	Direct Plan	Direct Plan
5	Direct	Not Mentioned	Direct Plan
6	Direct	Regular Plan	Direct Plan
7	Mentioned	Regular Plan	Regular Plan
8	Mentioned	Not Mentioned	Regular Plan

In cases of wrong/ invalid/ incomplete ARN codes mentioned on the application form, the application shall be processed under Regular Plan. The AMC shall contact and obtain the correct ARN code within 30 calendar days of the receipt of the application form from the investor/ distributor. In case, the correct code is not received within 30 calendar days, the AMC shall reprocess the transaction under Direct Plan from the date of application without any exit load.

Applicable Net Asset Value

In terms of Regulation 48(2) of the SEBI Mutual Funds Regulation 1996, and SEBI/IMD/ CIR No. 12/147132/08 dated December 11, 2008 NAV shall be calculated and published at least in 2 daily newspapers on a daily basis. The NAV also shall be uploaded on the AMFI website, www.amfiindia.com and Reliance Mutual Fund website i.e. www.reliancecmutual.com on a daily basis. Since the Scheme is proposed to be listed on BSE and / or any other recognized Stock Exchange, the listed price would be applicable on the BSE and / or any other recognised Stock Exchange.

Sale of units by Reliance Mutual Fund : The Scheme will have a New Fund Offer period during which investors may purchase units from the Fund.

After the expiry of the specified New Fund Offer period, the scheme will be closed for purchase of units. (Business Day shall have the same meaning as working day, wherever used)

For Redemptions including switch-outs

No redemption/repurchase of units shall be allowed prior to the maturity of the scheme. Investors wishing to exit may do so by selling their units through stock exchanges. The scheme will come to an end on maturity date. On maturity of the Scheme, the outstanding units shall be redeemed and proceeds will be paid to the unit holders as a default mode which means that the units of the Scheme shall be fully redeemed on the date of maturity and redemption proceeds shall be dispatched to / credited in the bank account of the unitholders within 10 Business Days from the date of Maturity. However, Investors will have an option to switch out the redemption proceeds into any other eligible scheme of Reliance Mutual Fund at the time of NFO application or at any time till the maturity (within applicable cut-off time on Maturity date) of the Scheme. However, Switch out facility will not be available for units held in dematerialized mode. The switch transaction would be processed on the date of maturity based on the applicable NAVs of the transferor and transferee schemes subject to applicable cut off timing provisions.

The trustees reserves the right to suspend / deactivate/freeze trading, ISIN of the scheme and do all such matters with respect to closure of the scheme at the time of maturity at any time ten days prior to the maturity. The proceeds of the maturity will be payable to the person whose names are appearing in the beneficiary position details of which will be received from depositories after the suspension /deactivation /freezing of ISIN.

Maturity proceeds would be payable to investors as per the bank details provided in beneficiary position details received from depositories.

However, once the units are dematerialised and the investor sells to another investor through exchange or transfers the units to another investor through DP then the maturity instruction provided by the existing investor will not be valid for the new investor. For the new investor the maturity proceeds shall be dispatched to the designated bank account of the unit holder within 10 business days from the date of redemption or repurchase, subject to availability of all relevant documents and details.

At the time of maturity of the scheme, if it is perceived that the market outlook is positive and investment in the similar kind of instruments is likely to fetch better returns for the investors, then in the interest of the Investors, the AMC may decide to roll-over the scheme.

The rollover of the scheme shall be subject to compliance with the provisions of regulation 33 (4) of the SEBI (Mutual Funds) Regulations, 1996. For more details, please refer Scheme Information Document.

Illustration – Impact of Expense Ratio on the Returns

Value of Rs 1 lac on 12% annual returns in 1 year, considering 1% Expense Ratio	
Amount Invested	100,000.00
NAV at the time of Investment	10.00
No of Units	10,000.00
Gross NAV at end of 1 year (assuming 12% annual return)	11.20
Expenses (assuming 1% Expense Ratio on average of opening and closing NAV)	0.11
Actual NAV at end of 1 year post expenses (assuming Expense Ratio as above)	11.09
Value of Investment at end of 1 year (Before Expenses)	112,000.00
Value of Investment at end of 1 year (After Expenses)	110,940.00

Note: Please note that the above is an approximate illustration of the impact of expense ratio on the returns, where the Gross NAV has been simply reduced to the extent of the expenses. In reality, the actual impact would vary depending on the path of returns over the period of consideration. Expenses will be charged on daily net assets.

These estimates have been made in good faith as per the information available to the Investment Manager based on past experience but the total expenses shall not exceed the limits permitted by SEBI. Types of expenses charged shall be as per the SEBI (MF) Regulations.

The purpose of the above table is to assist the investor in understanding the various costs and expenses that an investor in the scheme will bear directly or indirectly.

Mutual funds /AMCs may charge service tax on investment and advisory fees to the scheme in addition to the maximum limit as prescribed in regulation 52 of the SEBI Regulations. Service tax on other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit as per regulation 52 of the SEBI Regulations.

Mutual Funds/AMCs will annually set apart at least 2 basis points on daily net assets within the maximum limit as per regulation 52 of the SEBI Regulations for investor education and awareness initiatives.

“At least 10% of the TER is charged towards commission/distribution expense under Regular Plan. The TER of the Direct Plan will be lowered to the extent of atleast 10% of above mentioned distribution/commission expense which is charged in Regular plan”

However, no Investment Management fees would be charged on RNLAM's investment in the Scheme. The Trustee Company, shall be entitled to receive a sum computed @ 0.05% of the Unit Capital of all the Schemes of RMF on 1st April each year or a sum of Rs.5,00,000/- whichever is lower or such other sum as may be agreed from time to time in accordance with the SEBI Regulations or any other authority, from time to time. The total expenses of the scheme including the investment management and advisory fee shall not exceed the limits stated in Regulation 52(6) which are as follows:

- On the first Rs. 100 crore of the daily net assets 2.25%;
- On the next Rs. 300 crore of the daily net assets 2.00%;

III. On the next Rs. 300 crore of the daily net assets 1.75%;

IV. On the balance of the assets 1.50%;

"The above expenses are fungible within the overall maximum limit prescribed under SEBI (Mutual Funds) Regulations, which means there will be no internal sub-limits on expenses and AMC is free to allocate them within the overall TER".

In addition to the limits specified in regulation 52(6), the following costs or expenses may be charged to the scheme as per new sub regulation 6A, namely-

- a) Brokerage and Transaction costs incurred for the execution of trades may be capitalized to the extent of 0.12 per cent of the value of trades in case of cash market transactions and 0.05 per cent of the value of trades in case of derivatives transactions. Any payment towards brokerage and transaction costs incurred for the execution of trades, over and above the said 0.12 per cent and 0.05 per cent for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under Regulation 52 of the SEBI (Mutual Funds) Regulations, 1996. Any expenditure in excess of the said prescribed limit (including brokerage and transaction costs, if any) shall be borne by the AMC or by the Trustee or Sponsors.;
- b) Expenses not exceeding of 0.30 per cent of daily net assets, if the new inflows from such cities as specified by the Board from time to time are at least –
- 30 per cent of gross new inflows in the scheme, or;
 - 15 per cent of the average assets under management (year to date) of the scheme, whichever is higher:

Provided that if inflows from such cities is less than the higher of sub-clause (i) or sub-clause (ii), such expenses on daily net assets of the scheme shall be charged on proportionate basis:

Provided further that expenses charged under this clause shall be utilized for distribution expenses incurred for bringing inflows from such cities.

Provided further that amount incurred as expense on account of inflows from such cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment;

The Fund will strive to reduce the level of these expenses so as to keep them well within the maximum limits allowed by SEBI.

Expenses on an ongoing basis will not exceed the following percentage of the daily net assets or such maximum limits as may be specified by SEBI Regulations from time to time.

The recurring expenses incurred in excess of the limits specified by SEBI (MF) Regulations will be borne by the AMC or by the Trustee or the Sponsor.

LOAD STRUCTURE	ENTRY LOAD	EXIT LOAD
Reliance Fixed Horizon Fund - XXXI - Series 1	Nil	Nil

In accordance with the requirements specified by the SEBI circular no. SEBI/IMD/CIR No.4/168230/09 dated June 30, 2009 no entry load will be charged for purchase / additional purchase / switch-in accepted by RMF with effect from August 01, 2009. The upfront commission on investment made by the investor, if any, will be paid to the ARN Holder (AMFI registered Distributor) directly by the investor, based on the investor's assessment of various factors including service rendered by the ARN Holder. Since the scheme shall be listed on BSE or any other recognised Stock Exchange, Exit load shall not be applicable.

WAIVER OF LOAD FOR DIRECT APPLICATIONS

Pursuant to SEBI circular No. SEBI/IMD/CIR No. 4/ 168230/09 dated June 30, 2009, no entry load shall be charged for all the mutual fund schemes. Therefore the procedure for the waiver of load for direct application is no longer applicable.

Daily Net Asset Value (NAV) Publication: The AMC will calculate and disclose the first NAVs of the scheme not later than 5 business days of allotment. NAVs will be calculated up to four decimal places. The Mutual Fund shall declare the Net asset value of the scheme on every business day on AMFI's website www.amfiindia.com by 9.00 p.m. on the day of declaration of the NAV and also on their website. In case of any delay, the reasons for such delay would be explained to AMFI and SEBI within 2 working days. If the NAVs are not available before commencement of business hours on the following day due to any reason, Mutual Fund shall issue a press release providing reasons and explaining when the Mutual Fund would be able to publish the NAVs. The NAV shall be published at least in two daily newspapers every day. Since the Scheme is proposed to be listed on BSE and/or any other recognized Stock Exchange, the listed price would be applicable on the respective Stock Exchange.

TAX TREATMENT FOR THE INVESTORS (UNITHOLDERS): Investors are advised to refer to the details in the Statement of Additional Information and also independently refer to his tax advisor.

APPLICATION SUPPORTED BY BLOCKED AMOUNT (ASBA)

Investors are provided with ASBA facility. ASBA is an application containing an authorization to a Self Certified Syndicate Bank (SCSB) to block the application money in the bank account maintained with the SCSB for subscribing to the New Fund Offer. An ASBA investor shall submit an ASBA physically or electronically through the internet banking facility, to the Self Certified Syndicate Banks (SCSBs) authorized by SEBI for this purpose, with whom, the bank account to be blocked, is maintained. The SCSB shall then block the application money in the bank account specified in the ASBA, on the basis of an authorisation to this effect given by the account holder in the ASBA. The application money shall remain blocked in the bank account till the allotment of the units or till withdrawal/ rejection of the application, as the case may be. ASBA facility will be available for investors willing to hold the units in electronic mode only. An investor, who is eligible for ASBA facility, has the option of making application through ASBA or through the existing facility of applying with cheque / demand draft as mentioned in the SID. An acknowledgement will be given by the SCSB in the form of the counter foil or specifying the application number for reference. Such acknowledgement does not guarantee, in any manner that the investors will be allotted the Units applied for.

The list of SCSBs and their designated branches where ASBA application form can be submitted is available on the websites of BSE (www.bseindia.com), NSE (www.nseindia.com) and SEBI (www.sebi.gov.in).
