Website www.birlasunlife.com

This Key Information Memorandum (KIM) sets forth the information, which a prospective investor ought to know before investing. For further details of the scheme/Mutual Fund, due diligence certificate by the AMC, Key Personnel, investors' rights & services, risk factors, penalties & pending litigations etc. investors should, before investment, refer to the Scheme Information Document and Statement of Additional Information available free of cost at any of the Investor Service Centres or distributors or from the website www.birlasunlife.com.

The Scheme particulars have been prepared in accordance with Securities and Exchange Board of India (Mutual Funds) Regulations 1996, as amended till date, and filed with Securities and Exchange Board of India (SEBI). The units being offered for public subscription have not been approved or disapproved by SEBI, nor has SEBI certified the accuracy or adequacy of this KIM.

It is to be distinctly understood that the permission given by National Stock Exchange of India Limited (NSE)/ BSE Limited (BSE) should not in any way be deemed or construed that the Scheme Information Document has been cleared or approved by NSE/ BSE nor does it certify the correctness or completeness of any of the contents of the Draft Scheme Information Document. The investors are advised to refer to the Scheme Information Document for the full text of the 'Disclaimer Clause of NSE/ BSE

Investment Objective	The investment objective of the scheme is to provide capital appreciation by investing primarily in equity and equity related securities that are likely to benefit from recovery in the Indian economy. The Scheme does not guarantee/indicate any returns. There can be no assurance that the schemes' objectives will be achieved.			
Liquidity	The scheme will have duration/tenure of 3.5 years from and including the date of allotment.			
Asset Allocation Pattern of the Scheme	Instrument	Normal Allocation (% of total assets)		Risk Profile
		Minimum	Maximum	
	Equity and Equity related securities (including Options Premium^)	80%	100%	High
	Money Market & Debt instruments	0%	20%	Low
<p>The scheme shall invest only in such securities which mature on or before the date of the maturity of the scheme. In case of securities with put/call options, the maturity shall be reckoned with respect to the final maturity date and not the "put option"/ "call option" date</p> <p>The scheme may invest upto 20% of the net assets of the scheme in derivative instruments.</p> <p>^The total exposure related to option premium paid shall not exceed 20% of the net assets of the Scheme. Moreover, this upper limit of 20%, for investments in options premium, if any, shall be applicable only at the time of investment. If due to market actions the value of options appreciates/ depreciates resulting in breach of the limit of 20%, the fund manager may or may not rebalance the portfolio and may run with the ongoing exposure. However, if the fund manager sells the option before expiry of the contract, the reinvestment, if any, would be subject to the maximum 20% limit on options premium.</p> <p>The Options Premium offers the actual equity market exposure. However, the cumulative gross exposure through equity, debt and derivatives shall not exceed 100% of the net assets of the scheme. For this purpose, cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure</p> <p>The scheme does not intend to invest in Securitized Debt and repo / reverse repo in corporate debt securities. Credit Default Swaps and ADR/ GDR/ Foreign Securities. The scheme shall not engage in securities lending / short selling.</p> <p>Change in Asset Allocation</p> <p>The above mentioned investment pattern is indicative and may change for short duration.</p> <p>Subject to the SEBI (MF) Regulations, the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above can vary substantially depending upon the perception of the Investment Manager, the intention being at all times to seek to protect the interests of the Unit Holders. Such changes in the investment pattern will be for short term and defensive considerations. The Fund Manager shall rebalance the portfolio within 30 days from the date of deviation to bring it in line with the asset allocation pattern as indicated in this SID. Further, in case the rebalancing is not done within the specified period, justification for the same shall be provided to the Investment Committee and the reason for the same shall be recorded in writing. The Investment Committee shall then decide on the course of action. To clarify and subject to above mentioned exceptions, in case the portfolio of the Scheme is found to be allocated in Small Caps and Mid Caps and other than Small & Mid Caps beyond the allocation range as above, the same shall be considered as deviation in asset allocation and require rebalancing as per provisions enumerated herein.</p> <p>Provided further and subject to the above, any change in the asset allocation affecting the investment profile of the Scheme shall be effected only in accordance with the provisions of sub regulation (15A) of Regulation 18 of the SEBI (MF) Regulations.</p>				
Investment Strategy	<p>A select portfolio of such bottom-up picks in the equity market offer significant opportunity for higher portfolio returns. In addition, the fund managers will also seek to bring in top down analysis to identify the sectors that could be key beneficiaries of turnaround in economy. Besides this, short-term opportunities would also be seized, that are supported by underlying valuations. As part of the investment strategy, scheme will book profits at opportune moments to take advantage of the volatility in the market. The Scheme may also invest a small portion of its corpus in fixed income securities including money market instruments to manage its liquidity requirements.</p> <p>Further, the fund manager believes that an economic recovery is already leading to earnings upgrades of various stocks/sectors. This is very likely to result in a rerating of valuations for such companies / sectors and could be a significant driver of returns. This belief roots from various developments in the country's fundamentals.</p> <p>The markets have experienced robust foreign as well as domestic fund flow indicating strong confidence in Indian markets over last 6-7 months. New government policies have been fairly growth and reform focused and taking various measures to create a Reformed India. The demonetization initiative by government has resulted in institutionalization of finances which ensure better governance & improved tax revenue. The tax collection figures between April 2016 and January 2017 show an increase in Net Indirect taxes by 16.9 per cent and an increase in Net Direct Taxes by 10.79 per cent year-on-year, indicating a steady trend of healthy growth. India's unemployment rate has declined to 4.8 per cent in February 2017 compared to 9.5 per cent in August 2016, as a result of the Government's increased focus towards rural jobs and the Mahatma Gandhi National Rural Employment Guarantee Act (MGNREGA) scheme. The initiatives like Smart city project and Make in India are to create more job opportunities in the country. Implementation of GST would bring further transparency by providing similar opportunities across the country which would result in better capacity utilization & higher earnings for the corporates. All this collectively will lead to strong growth momentum in the country. This momentum is likely to percolate into growth for select industries which could have a higher multiplier effect on the overall economic growth some of these sectors include Roads, Ports, Railways, consumption related sectors, banks & NBFCs etc.</p> <p>The Scheme will have tenure of 3-6 years and the corpus of the Scheme will be primarily invested in equity and equity related securities of the companies that have a potential to appreciate in the long run and benefit from the turnaround in the Indian economy in the medium term.</p> <p>The endeavour of the Investment Manager will be to pick stocks across businesses or sectors which are more closely correlated to the Indian economic growth and could become potential leaders in their respective fields in the future. Some of these key traits for companies are:</p> <ul style="list-style-type: none">• Visionary & Trustworthy management with established track record• Being a dominant player in the sector / business or within a particular market by segment / geography• Strong prospects for future growth and scalability• Financial discipline and favourable fundamentals measured by various ratios like Return on Investment (ROI) and Return on Equity (ROE)• Favorable valuations in relations to broader market and the relevant peer group of companies / industry along with higher expected growth in earnings.			

Risk Profile of the Scheme

Mutual Fund Units involve investment risks including the possible loss of principal. Please read the Scheme Information Memorandum (SID) carefully for details on risk factors before investment. Scheme Specific Risk Factors are summarized below:

Risk factors associated with investments in equity securities:

- Equity investments by nature are volatile and prone to price fluctuations on a daily basis due to both macro and micro factors.
- The NAVs of schemes investing in equity will fluctuate as the daily prices of the individual securities in which they invest fluctuate and the units when redeemed may be worth more or less than their original cost.
- The value of the Scheme's investments, may be affected generally by factors affecting securities markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or policies of any appropriate authority and other political and economic developments and closure of stock exchanges which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets. Consequently, the NAV of the units of the Scheme may fluctuate and can go up or down.
- In respect of investments in equity, there may be risks associated with trading volumes, settlement periods and transfer procedures that may restrict liquidity of investments in equity securities.
- Investors may note that Fund Manager's investment decisions may not always be profitable, as actual market movements may be at variance with anticipated trends.
- Though the constituent stocks of most indexes are typically liquid, liquidity differs across stocks. Due to the heterogeneity in liquidity in the capital market segment, trades on this segment may not get implemented instantly.
- Investment decisions made by the AMC may not always be profitable, even though it is intended to generate capital appreciation by actively investing in equity and equity related securities. Investors therefore will have to accept the returns generated by the underlying equity investments of the scheme which may be unfavourable at the time of maturity of the scheme.

Risk Factors associated with Investments in Derivatives:

- As and when any Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives that investors should understand. Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is a possibility that loss may be sustained by the portfolio as a result of the failure of another party (usually referred as the "counter party") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices. Thus, derivatives are highly leveraged instruments. Even a small price movement in the underlying security could have a large impact on their value. Besides the price of the underlying asset, the volatility, tenor and interest rates affect the pricing of derivatives. Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.
- Derivative trades involve execution risks, whereby the rates seen on the screen may not be the rate at which ultimate execution takes place.
- The options buyer's risk is limited to the premium paid, while the risk of an options writer is unlimited. However, the gains of an options writer are limited to the premiums earned.
- Investments in index futures face the same risk as the investments in a portfolio of shares representing an index. The extent of loss is the same as in the underlying stocks.
- Risk of loss in trading futures contracts can be substantial, because of the low margin deposits required, the extremely high degree of leverage involved in futures pricing and potential high volatility of the futures markets.
- The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

Risk Factors associated with investments in Fixed Income Securities:

- Price-Risk or Interest-Rate Risk:** Fixed income securities such as bonds, debentures and money market instruments run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing fixed income securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates.
- Credit Risk:** In simple terms this risk means that the issuer of a debenture/ bond or a money market instrument may default on interest payment or even in paying back the principal amount on maturity. Even where no default occurs, the price of a security may go down because the credit rating of an issuer goes down. It must, however, be noted that where the Scheme has invested in Government securities, there is no credit risk to that extent.
- Liquidity or Marketability Risk:** This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM). The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is today characteristic of the Indian fixed income market.
- Reinvestment Risk:** Investments in fixed income securities may carry reinvestment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate.
- Pre-payment Risk:** Certain fixed income securities give an issuer the right to call back its securities before their maturity date, in periods of declining interest rates. The possibility of such prepayment may force the fund to reinvest the proceeds of such investments in securities offering lower yields, resulting in lower interest income for the fund.
- Concentration Risk:** The Scheme portfolio may have higher exposure to a single sector, subject to maximum of 25% of net assets as specified, depending upon availability of issuances in the market at the time of investment, resulting in higher concentration risk. Any change in government policy / business environment relevant to the sector may have an adverse impact on the portfolio.
- Different types of securities in which the scheme would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly the scheme's risk may increase or decrease depending upon its investment pattern. e.g. corporate bonds carry a higher amount of risk than Government securities. Further even among corporate bonds, bonds, which are AA rated, are comparatively more risky than bonds, which are AAA rated.

Risk Factors associated with Listing of units:

- Listing of units of the scheme on stock exchange(s) does not necessarily guarantee liquidity and there can be no assurance that an active secondary market for the units will develop or be maintained.
- Trading in the units of the Scheme on the Exchange may be halted because of market conditions, including any halt in the operations of Depository Participants or for reasons that in view of the Exchange Authorities or SEBI, trading in the units is suspended and / or restricted. In addition, trading in units is subject to trading halts caused by extraordinary market volatility and pursuant to stock exchange rules of 'circuit filter'. There can be no assurance that the requirements of Stock Exchange necessary to maintain the listing of units of scheme will continue to be met or will remain unchanged.
- Further, the Scheme being a close ended scheme and listed on stock exchange, as per SEBI guidelines, no redemption / repurchase / switches of units will be allowed prior to maturity under the scheme. The investors wishing to redeem their units may do so through stock exchange mode.
- The Units of the scheme may trade above or below their face value / NAV. The NAV of the scheme will fluctuate with changes in the market value of schemes holdings. The trading prices of units of the scheme will fluctuate in accordance with changes in their NAV as well as market supply and demand which may even lead the units to quote at significant premium or discount to NAV.
- There is a possibility that the unitholders find it difficult or uneconomical to liquidate their investments at any particular time. As a result, investors in the scheme must be prepared to hold the units until the maturity under the Scheme.
- Regulatory Risk: Any changes in trading regulations by the Stock Exchange or SEBI, inter alia, may also result in wider premium/ discount to the NAV of the Schemes. Although the Units are proposed to be listed on the Stock Exchange, the AMC and the Trustees will not be liable for any loss suffered by investors due to delay in listing of units of the Schemes on the Stock Exchange or due to connectivity problems with the depositories due to the occurrence of any event beyond their control.
- As the units of the scheme may be held in electronic (demat) mode through depositories, the records of the depository shall be final with respect to the number of units available to the credit of unitholder. Settlement of trades, redemption/dividend payment, in lieu of such units held in electronic (demat) form, by the Mutual Fund will depend upon the confirmations to be received from depository (ies) on which the Mutual Fund has no control.

Risk Factors associated with Close Ended Schemes:

- A close ended Scheme endeavours to achieve the capital appreciation only at the scheduled maturity of the Scheme. However, there is no assurance that the said objective will be achieved at the scheduled maturity of the scheme and there is a risk that the capital invested may not be fully realisable upon maturity of the scheme.
- Moreover, given the uncertain nature of equity markets, the AMC may be required to liquidate the equity portfolio and the proceeds may be kept in cash and invested largely in cash equivalents/money market instruments towards the Maturity/Final Redemption date and to that extent these investments made may not be in line with the asset allocation pattern.

Investors who wish to exit/redeem before the scheduled maturity date may do so through the stock exchange mode. For the Units listed on the exchange, it is possible that the market price at which the Units are traded may be at a discount to the NAV of such Units. Hence, Unit Holders who sell their Units in a Scheme prior to maturity may not get the NAV returns. **Investors in the Scheme are not being offered any guaranteed returns. Please refer to SID for detailed scheme specific risk factors.**

Risk Control

Since investing requires disciplined risk management, the AMC would incorporate adequate safeguards for controlling risks in the portfolio construction process. The risk control process involves reducing risks through portfolio diversification, taking care however not to dilute returns in the process. The AMC believes that this diversification would help achieve the desired level of consistency in returns. The AMC may also implement certain internal control procedures / risk & exposure limits etc., which may be varied from time to time. The AMC aims to identify securities, which offer superior levels of yield at lower levels of risks. With the aim of controlling risks, rigorous in-depth credit evaluation of the securities proposed to be invested in will be carried out by the investment team of the AMC.

Plans/Options

Each Series / Scheme will have **Regular Plan and Direct Plan**** with a common portfolio and separate NAVs. Investors should indicate the Plan for which the subscription is made by indicating the choice in the application form.

Each of the above (Regular and Direct) Plan under the scheme will have the following Options:

(1) Dividend Option (Payout & Sweep Facility)

(2) Growth Option

****DIRECT PLAN:**

i. **Direct Plan is only for investors who purchase /subscribe Units in a Scheme directly with the Mutual Fund and is not available for investors who route their investments through a Distributor.**

ii. **Eligible investors:** All categories of investors (whether existing or new Unitholders) as permitted under the Scheme Information Document of the Scheme are eligible to subscribe under Direct Plan.

iii. **Modes for applying:** Investments under Direct Plan can be made through various modes offered by the Mutual Fund for investing directly with the Mutual Fund [except through Stock Exchange Platforms for Mutual Funds and all other Platform(s) where investors' applications for subscription of units are routed through Distributors].

iv. **How to apply:**

a. Investors desirous of subscribing under Direct Plan of a Scheme will have to ensure to indicate "Direct Plan" against the Scheme name in the application form.

b. Investors should also indicate "Direct" in the ARN column of the application form.

Default Plan / Option / Sub-option
(In case the investor fails to specify his preference, the given default plan / option / sub-option would apply)

Default Option: Dividend Option (Payout facility)

In case of valid application received without indicating choice between Growth and Dividend Option, the same shall be considered as Dividend Option (Payout facility) and processed accordingly.

Default Plan:

Investors are requested to note the following scenarios for the applicability of "Direct Plan or Regular Plan" for valid applications received under the Scheme:

Scenario	Broker Code mentioned by the investor	Plan mentioned by the investor	Default Plan to be captured
1	Not mentioned	Not mentioned	Direct Plan
2	Not mentioned	Direct	Direct Plan
3	Not mentioned	Regular	Direct Plan
4	Mentioned	Direct	Direct Plan
5	Direct	Not Mentioned	Direct Plan
6	Direct	Regular	Direct Plan
7	Mentioned	Regular	Regular Plan
8	Mentioned	Not Mentioned	Regular Plan

In cases of wrong/ invalid/ incomplete ARN codes mentioned on the application form, the application shall be processed under Regular Plan. The AMC shall contact and obtain the correct ARN code within 30 calendar days of the receipt of the application form from the investor/ distributor. In case, the correct code is not received within 30 calendar days, the AMC shall reprocess the transaction under Direct Plan from the date of application without any exit load.

Applicable NAV	Units of the scheme cannot be redeemed by the investors directly with the fund until the date of maturity of the scheme. Therefore, the provisions of cut off timing for redemptions will not be applicable.																																
Minimum Application Amount / Number of Units	Purchase Minimum of ₹ 1,000/- and in multiples of ₹ 10/- thereafter during the New Fund Offer period.	Repurchase No redemption (repurchase) of units is allowed before the maturity of the scheme. Investors wishing to exit may do so by selling their units through Stock Exchange at prevailing listed price on such Stock Exchange.																															
Despatch of Proceeds of Repurchase (Redemption) Request	Redemption or repurchase proceeds shall be dispatched to the unitholders within 10 working days from the date of maturity of the scheme, subject to confirmation with the depository records of the Scheme's DP account, as applicable.																																
Benchmark Index	S&P BSE 200. The Mutual Fund reserves the right to change the benchmark for evaluation of the performance of the scheme from time to time, subject to SEBI Regulations and other prevailing guidelines if any.																																
Dividend Policy	Dividends will be declared subject to availability of distributable surplus and at the discretion of the AMC/Trustee. On payment of Dividends, the NAV will stand reduced by the amount of dividend payout and dividend distribution tax, if any.																																
Name of the Fund Manager	Mr. Jayesh Gandhi																																
Name of the Trustee Company	Birla Sun Life Trustee Company Private Limited																																
Performance of the Scheme	This scheme does not have any performance track record																																
Expenses of the Scheme	New Fund Offer Period The NFO expenses of the scheme shall be borne by the AMC.																																
(i) Load Structure	Entry Load* : Nil Exit Load : Nil; No redemption/repurchase of units shall be allowed prior to the maturity of the scheme. Investors wishing to exit may do so through stock exchange mode *In terms of SEBI circular no. SEBI/IMD/CIR No.4/ 168230/09 dated June 30, 2009, no entry load will be charged by the Scheme to the investor effective August 1, 2009. The upfront commission, if any, on investment made by the investor shall be paid by the investor directly to the Distributor, based on his assessment of various factors including the service rendered by the Distributor.																																
(ii) Recurring expenses (As a % of daily net assets)	Maximum estimated permissible expenses, including investment management and advisory fees, as a % per annum of daily net assets: <table><tr><th>A. Expense Head / Nature of expense</th><th>% of daily net assets</th></tr><tr><td>Investment Management and Advisory Fees (AMC fees)</td><td rowspan="15">Upto 2.50%</td></tr><tr><td>Trustee fee</td></tr><tr><td>Audit fees</td></tr><tr><td>Custodian fees</td></tr><tr><td>Registrar & Transfer Agent (RTA) Fees</td></tr><tr><td>Marketing & Selling expense including agent commission</td></tr><tr><td>Cost related to investor communications</td></tr><tr><td>Cost of fund transfer from location to location</td></tr><tr><td>Cost of providing account statements/allotment advice and dividend/ redemption cheques and warrants</td></tr><tr><td>Costs of Statutory advertisements</td></tr><tr><td>Cost towards investor education & awareness (at least 2 bps)^</td></tr><tr><td>Brokerage & transaction cost over and above 12 bps and 5 bps for cash and derivative market trades respectively.</td></tr><tr><td>Service tax on expenses other than investment management and advisory fees</td></tr><tr><td>Service tax on brokerage and transaction cost</td></tr><tr><td>Other expenses\$</td></tr><tr><td>Maximum total expense ratio (TER) permissible under Regulation 52(6)(c)(i) ##</td><td>Upto 2.50%</td></tr><tr><td>B. Additional expense for gross new inflows from specified cities under Regulation 52 (6A) (b) to improve geographical reach of scheme.</td><td>Upto 0.30%</td></tr></table> <p>\$ Listing expenses are part of other expenses. The purpose of the above table is to assist the investor in understanding the various costs and expenses that an investor in the scheme will bear directly or indirectly. The above estimates for recurring expense are for indicative purposes only and have been made in good faith as per the information available to the AMC based on past experience.</p> <p>Note:</p> <p>(a) Atleast 10%# of the TER is charged towards distribution expenses/ commission in the Regular Plan. The TER of the Direct Plan will be lower to the extent of the abovementioned distribution expenses/ commission (at least 10%#) which is charged in the Regular Plan. For eg: In case the TER charged under Regular Plan is 2.00% p.a., then in such case, the TER charged under Direct plan will be lower by atleast 0.02% p.a. (i.e. 10% of 2.00% p.a.). #The expected difference in Total Expense Ratio to be charged to Direct Plan and Regular Plan under Scheme would be determined and disclosed at the time of filing of Final Scheme Information Document with SEBI before launch of each Series / Scheme.</p> <p>(b) ##The Maximum total expense ratio for the Direct Plan as permissible under Regulation 52(6)(c)(i) will not exceed 2.00% p.a. of daily net assets of the Scheme</p> <p>(c) ^ In terms of SEBI Circular No. CIR/IMD/DF/21/2012 dated September 13, 2012, the AMC / Mutual Fund shall annually set apart at least 2 basis points (i.e. 0.02%) on daily net assets of the scheme within the maximum limit of Total Expense Ratio as per Regulation 52 of the SEBI (MF) Regulations for investor education and awareness initiatives.</p> <p>(d) In terms of SEBI Circular No. CIR/IMD/DF/21/2012 dated September 13, 2012, AMC may charge service tax on following Fees and expenses as below:</p> <p>a. Investment Management and Advisory Fees: AMC may charge service tax on investment management and advisory fees to the scheme in addition to the maximum limit of Total Expense Ratio as prescribed under Regulation 52 of the SEBI (MF) Regulations.</p> <p>b. Other than Investment Management and Advisory Fees: AMC may charge service tax on expenses other than investment management and advisory fees to the scheme within the maximum limit of Total Expense Ratio as prescribed under Regulation 52 of the SEBI (MF) Regulations. Further, service tax on Brokerage and transaction cost incurred for execution of trades, will be within the maximum limit of Total Expense Ratio as prescribed under Regulation 52 of the SEBI (MF) Regulations.</p> <p>(e) As per Regulation 52(6)(c)(i) of SEBI (MF) Regulations, the total expenses of the scheme, including Investment Management and Advisory Fees, shall be subject to following limits as specified below: limits as specified below:</p> <table><tr><th>First ₹ 100 Crores</th><th>Next ₹ 300 Crores</th><th>Next ₹ 300 Crores</th><th>Over ₹ 700 Crores</th></tr><tr><td>2.50%</td><td>2.25%</td><td>2.00%</td><td>1.75%</td></tr></table> <p>(f) Fungibility of Maximum Permissible expense: The maximum total expense ratio (TER) that can be charged to the scheme will be subject to such limits as prescribed under the SEBI (MF) Regulations. The said maximum TER shall either be apportioned under various expense heads as enumerated above, without any sub limit or allocated to any of the said expense head(s) at the discretion of AMC. Also, the types of expenses charged shall be as per the SEBI (MF) Regulations Investors should note that the total recurring expenses of the scheme excluding issue or redemption expenses, whether initially borne by the Mutual Fund or by the AMC, but including the investment management and advisory fee, shall not exceed the limits as prescribed under Regulation 52 of the SEBI (MF) Regulations. Subject to the SEBI (MF) Regulations, expenses over and above the prescribed ceiling will be borne by the AMC.</p>			A. Listing	The scheme being offered through this Scheme Information Document is a close ended Scheme and the units offered under the Scheme will be listed on NSE / BSE and/or any other recognized stock exchange/s as may be decided by AMC from time to time within 5 (five) Business days from the date of allotment. Thus, the units of the Scheme will be listed and traded on the stock exchange/s and settled through depository mechanism as per the settlement cycle of the stock exchange/s. As the units will be listed on stock exchange/s, investors/ unitholders can buy / sell units on a continuous basis on the stock exchange/s during the trading hours like any other publicly traded stock at market prices. The minimum number of Units that can be bought or sold on the Exchange is 1 (one) unit. A separate ISIN (International Security Identification Number) will be allotted for each Plan/Option of the respective Series/Scheme. Unitholders who wish to trade in units would be required to have a demat account. Although Units are to be listed on stock exchange/s, there can be no assurance that an active secondary market will develop or be maintained. The AMC and the Trustees will not be liable for delay in trading of Units on stock exchange/s due to the occurrence of any event beyond their control. As per SEBI circular SEBI/IMD/CIR No. 12/147132/08 dated December 11, 2008 the units of the scheme will be listed on National Stock Exchange of India (NSE) and BSE Limited (BSE) for which the Trustees have obtained an in-principle approval from NSE vide letter NSE/LIST/6506 dated May 18, 2017 and BSE vide letter DCS / IPO / SR / MF / IP / 142 / 2017-18 dated May 18, 2017																																
Tax treatment for the Investors (Unitholders)	Investors are advised to refer to the details in the Statement of Additional Information and also independently refer to his tax advisor.																																
Daily Net Asset Value (NAV) Publication	The NAV will be declared on all business days and will be published in atleast 2 daily newspapers in accordance with SEBI (MF) Regulations. NAV can also be viewed on www.birlasunlife.com and www.amfiindia.com Investors can also call up at our toll free number 1800-22-7000 / 1800-270-7000.
